.....

Peter has heard nothing further from Groundwork so the feedback on the grant must be acceptable.

A date around June 2017 for the completed NDP

4) The consultation on the Bradford Sites & Allocation Plan ends on 16th July 2016

Peter will put a report together and email the group this week, after comments and amendments it will be sent to BMDC. Any thoughts please let Peter have them asap. A response will be sent from the NDP group and also one from the Parish Council.

Everyone should see the map on the BMDC site and comment.

Details were given to David and Sarah to bring them up to speed with what the group had done in the past. David handed a flyer to the residents on his estate and has had a great response back including one gentlemen's letter to Kris Hopkins MP.

5) £13,709.34 in the fund

6) We need to map areas and list them. Lisa can ask Emma at BMDC for copies of the maps if required.

7) John will speak to Bob tomorrow about the concerns the group has re the policies. The group do not feel they are able to write policies but are happy to identify issues. John will focus on writing policies. There should be a policy to encourage economic transport. There are issues surrounding the number of taxis, especially in Keighley. It is cheaper to get a taxi than a bus into Keighley and more convenient.

8) Meetings scheduled for Tuesday 12th July and Tuesday 9th August.

The meeting ended at 8.20pm
